

NE OFFICIALS IN SESSION ALL NIGHT CONSIDERING ORDER

ult of Deliberations Kept Secret—Indications Point to Heated Debate by Those Opposing Court Order—Must Answer by Noon Today.

BULLETIN
INDIANAPOLIS, Ind., Nov. 11.—At 2 o'clock this morning United Mine Workers' executives were still in session and had not started to take a vote on their acquiescence with the order of the federal court that they should call off the strike of coal miners.

INDIANAPOLIS, Ind., Nov. 10.—After more than ten hours of debate executives of the United Mine Workers of America, who met here today, had reached no agreement whether they would comply with the order of Federal Judge A. B. Anderson to call off the strike of coal miners, and at midnight they were still in session. Shortly before midnight John L. Lewis, acting president of the mine workers left the hall for a few minutes and remarked that it looked like a night session.

Length of the debate indicated that a heated fight was in progress with those opposing the order of the court. However, it was the general belief that the order would prevail in the end and obey the court's injunction.

During the evening it was stated that the conference of international officials and district presidents and members of the executive board and committee would continue a decision had been reached. In connection it was pointed out that the miners' representatives had no time to waste in the morning. Anderson's order provides that they shall prepare to him for approval their calling off the strike within two hours after the issue of the mandate Saturday.

No Action Until Today
The union heads resumed their deliberations at 7:30 tonight, but as the general belief that no action would be taken before tomorrow. In view of the decision of the court ordering the miners' chiefs to appear to the court for approval of the order withdrawing the strike of October 15 within seventy hours, it was predicted that no announcement would be made by the miners before the expiration of that time.

The order was signed at 12:25 a. m. Saturday, therefore, the officials must report to the court by that time tomorrow. At the today's meeting was closed and extraordinary measures taken to prevent the press from becoming public. It was ascertained from disconnected reports that the miners' representatives had left the hall for lunch and dinner, but no discussion of the order was to be had.

What they are debating is whether they should call off the strike of coal miners, and to the order of the court. Alexander Howat, president of the Kansas district, remarked to the Illinois district as they passed each other.

That was a good speech you made, Frank. I agree with it. Mr. Howat, before leaving Kansas for the conference here gave a statement in which he declared that "regardless of injunctions, prisons and judges," he intended to fight.

Another delegate said: "No Fear of Jail Sentences"
It is a question of going to jail. These men have no fear of jail. What they are debating is whether they should call off the strike of coal miners, and to the order of the court. Alexander Howat, president of the Kansas district, remarked to the Illinois district as they passed each other.

Nothing for Public
The officials and delegates attended the same attitude. There was every indication that the majority of the mine workers are determined to weigh carefully all sides of the issue before taking any step toward disobedience of the strike order.

At 10:30 o'clock tonight delegates intercepted in the corridors during the convention hall that the miners general committee expected to stay in continuous session until some decision is reached. One man predicted that this would not occur before 2 a. m.

It was stated however, that the delegates agree it was likely that any statement would be made before tomorrow.

SAMUEL GOMPERS RENOUNCES ACTION TOWARD MINERS

Declares It Violates Principles of Democracy.

BACKED BY FOREIGNERS

WASHINGTON, Nov. 10.—Abjuring loyalty to a "temporary" administration which violates the principles of democracy Samuel Gompers, speaking for American labor at a dinner given tonight for delegates to the international federation of trades unions, declared that "we are tied to no administration but we are free men and possess to exercise the freedom of our judgment."

Mr. Gompers told the representatives of foreign labor that he did not believe that a true understanding of the coal miners strike had reached the president because of his illness.

Responding to the American labor leader's address, Leon Jouhaux, leader of the French labor delegation to the international labor conference, declared that "if the workers of the United States need the assistance of the workers of the other countries they will get it, as, he added, frontiers cannot separate the interests of workers and private interests cannot separate workers."

Must Fight for Rights.
"We are engaged in the greatest work of today," said Mr. Gompers, "the greatest that has ever been entrusted to the common people—to secure right and justice and a better standard of life and the principles of freedom and humanity."

"Whenever and wherever there is an attempt made by the government to employ the force of the government as a government to depart from the fundamental principles of freedom and democracy, it is not only right but the duty of men and women of labor to stand up and protest regardless of what the consequences may be."

Continuing the federation chief said: "We are living in our own time as best we can but our lives are just a passing instant to the continuity of civilization and the progress of the world and what matters it if you and I are placed in jail because we have attempted to uphold the principles of freedom and justice and democracy."

Proclaiming American labor to be in thorough accord with American principles and ideals Mr. Gompers added: "We are in accord with our government when we know that our government is following out the course of justice and freedom and of human development as expressed by the principles of democracy. When our administration fails to conform to these principles and when our administration for the time being fails to stand for the principles of democracy then we have no alternative but to assert that our government is just a passing instant to the continuity of civilization and the progress of the world and what matters it if you and I are placed in jail because we have attempted to uphold the principles of freedom and justice and democracy."

"We have faith in our cause," Mr. Gompers further asserted. "We believe that we are right. Aye, we are convinced that we are in the right and the men and women of labor in America understand that and the men and women of freedom in the world may understand that the attempt to impose upon our people a condition of affairs that is repugnant to the concepts of right and justice and of democracy, we the men and women of labor will stand true to the highest principles of justice and of right and of freedom."

Delegates attending the dinner at the suggestion of Louis at Morones, Mexican representative pledged their support to the United Mine Workers of America in the present strike.

U. S. WILL CELEBRATE ARMISTICE DAY

WASHINGTON, Nov. 11.—As darkness fell over the national capitol tonight, three huge illuminated crosses shown out from the high walls of the War Risk Insurance building, across the Lafayette Square from the White House, and the celebration of Armistice Day, the first anniversary of the cessation of hostilities in the World War began. The light symbols were formed by light pouring from selected windows in the otherwise dark facade of the great structure and one of them looked directly down on the square where official Washington will join tomorrow in celebrating the new anniversary.

Armistice Day Statements Issued by President Wilson, Gen. Pershing and Sec. Baker

WASHINGTON, Nov. 10.—President Wilson, General Pershing and Secretary Baker today issued statements to the American people on the occasion of the first anniversary of the signing of the armistice. The president said to Americans the reflections of armistice day would be filled with solemn pride in the heroism of those who died in the country's service and with gratitude for the victory both because of the thing from which it has freed us and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of the nations.

The exercise by the American people of practical patriotism during the war, General Pershing said, was an avowal of their adherence to the principles of free government that will continue to have great influence in the progressive thought throughout the world. Secretary Baker said that while mourning its dead the nation was grateful for their achievement and for that of their living brothers and that in the name of both we may hope for an early accomplishment of the terms of the peace that shall complete their work upon the battlefields of France.

President Wilson's Statement.
"To my fellow countrymen:
"A year ago today our armies laid down their arms in accordance with an armistice which rendered them impotent to renew hostilities and gave to the world an assured opportunity to reconstruct its shattered order and to work out in peace a new and juster set of international relations. The soldiers and people of the European allies had fought and endured for more than four years to uphold the barrier of civilization against the aggressions of armed force. We ourselves had been in the conflict something more than a year and a half. With splendid fortitude of mere mortal men we had remodeled our industries, concentrated our financial resources, increased our agricultural output and assembled a great army, so that at the last our power was a decisive factor in the victory. We were able to bring the vast resources, material and moral, of a great and free people to the assistance of our associates in Europe who had suffered and sacrificed without limit for cause for which we fought."

"After this victory there arose new possibilities of political freedom and economic concert. The war showed us the strength of great nations acting together for high purposes and the victory of arms foretells the enduring conquest which can be made in peace when nations act justly and in furtherance of the common interests of men. To us in America the reflections of armistice day will be filled with solemn pride in the heroism of those who died in the country's service and with gratitude for the victory both because of the thing from which it has freed us and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of the nations."

General Pershing's Statement.
"On this, the first anniversary of the armistice that brought fighting to an end on the western front, we recall with gratification the services of the army and the country in the war. The great army of young manhood known as the American expeditionary forces was hurriedly raised, equipped and trained to meet a grave world crisis."

"Composed of youth, selected for their physical and their mental fitness, it was developed into as fine a body of men as the world has ever seen. This force played a decisive part in the war and demonstrated that the American boy has in him those qualities that go to make up a perfect soldier. The achievements of our troops on the battlefields of France have become part of our history. Their patriotism prompted a spirit of self-sacrifice unequalled. Their services have preserved our ideals and our institutions."

"Our armies have been demobilized, and our citizen-soldiers have returned again to civil pursuits with assurance of their ability to achieve therein the success they attained as soldiers, thus bringing a new asset to the nation."

SENATE WILL VOTE ON AMENDMENT TO ARTICLE X TODAY

Adoption of Republicans' Draft Seems Assured.

DEBATES REACH HIGH PITCH

WASHINGTON, Nov. 10.—The fight over article ten of the league of nations covenant neared a conclusion today in the senate with developments promising adoption of a reservation wholly unacceptable to the administration. During the day the reservation drafted by the foreign relations committee almost identical with one President Wilson has announced he would regard as a rejection of the treaty, weathered all attempts to alter it and rallied repeatedly a support which seemed to insure its final acceptance. A vote is expected tomorrow.

New Proposal for Article
The reservation provides that under the article, which pledges member states to preserve as against external aggression the territorial integrity and political independence of all other members, the United States shall assume no obligation to use its naval or military forces except on express authorization of congress in every specific case. The debate reached a high pitch of bitterness several times during the day. It developed another spirited clash on the question of Ireland's status under the article.

Senator Williams, Democrat, Mississippi, assailing Irish-Americans who oppose the league and Senator Walsh, Democrat, Massachusetts, replying in a speech charging that the administration had undertaken to deprive him of all federal patronage because he did not support the treaty without qualification.

Just before adjournment the United Republican forces backing the reservation almost were split by a Democratic proposal to make the qualification even more sweeping in its terms. But the Republican leaders soon recovered their hold on the situation and declared that danger of amendment to the committee draft had passed.

The amendment on which the Republicans momentarily divided was introduced by Senator Walsh, Democrat, Montana, a staunch administration supporter, and would have added to the reservation a proviso that the United States release all members of the league from any obligation to it under article ten, and decline to participate in any proceedings by the council authorized thereby.

Republicans Restore Quietness.
Republicans of the group irreconcilably opposed to the treaty quickly displayed their pleasure over the possibility of writing such a provision into the treaty. Three of them, Senators Borah, Idaho, E. A. Tamm, and Charles McNamara, Illinois, announced they would support the proposal, and the mild reservationists on that side of the chamber were thrown into a hurried conference at the likelihood that it would prevail.

After some discussion the irreconcilables, however, became suspicious that the Democrats intending to vote against ratification were attached, had set out to make the qualification as obnoxious as possible. Senator Fall withdrew his previous announcement pronouncing the proposed amendment a "trick" and the senate adjourned without a vote but with the Republican forces apparently again solidified.

TOLEDO WITHOUT STREET CAR SERVICE

CHICAGO, Nov. 10.—Co-eds at Northwestern university have organized a life saving corps and will have their first drill tomorrow in the gymnasium swimming tank. Forty young women in a corps are to be trained for the purpose of replacing male life guards at the lake beaches next summer.

The girls must qualify in the following tests:
Swim forty yards clothed in blouse, skirt and shoes, disrobe in the water and swim eighty yards more.
Tow a person ten yards.
Learn three methods of releasing themselves from the grasp of a drowning person.
Retrieve a ten pound weight from eight feet of water.
Pull a person of equal weight out of the tank.

REACH FINAL DECISIONS

Washington, Nov. 10.—Final decision to recommend the Dayton-Wright plant adjacent aviation field at Dayton, Ohio, and the Curtiss-Edwards plant, Buffalo, N. Y., was reached today by the house military subcommittee.

THIEVES TAKE POWDER
Cory, Ind., Nov. 10.—The theft of 100 pounds of black rifle powder from the powder magazine of the Aetna Explosive Co., near here was discovered this morning. The thieves passed over a large quantity of blasting powder, carefully selecting the rifle powder.

PALMER ISSUES FINAL WARNING TO MINERS AND THEIR OFFICIALS

Describes Strike as a Plain Violation of a Federal Statute—All Power in Command of Government Will Be Exerted to Force Mandate of Court.

WASHINGTON, Nov. 10.—Solemn warning was given the United Mine Workers of America tonight by Attorney General Palmer that resolution of conventions and orders of officers of organizations are not above the law. Formal and final declaration of the government's policy of dealing with the coal strike was announced by the attorney general while officers of the miners' organization at Indianapolis were struggling with the question how to answer the court's blunt and peremptory command to rescind the strike order.

Describing the strike as a plain violation of a federal statute, Mr. Palmer, speaking with full authority of the government, announced that all the power of the United States would be exerted to enforce the mandate of the court. "No reference was made in the attorney general's statement to the pronouncement of organized labor, supporting the miners and demanding withdrawal of injunction proceedings, it was evident that Mr. Palmer had that document in mind and official Washington accepted his declaration to mean that refusal of the miners to cancel their strike order would mean a fight to the bitter end."

VIOLENT RADICALS WILL BE DEPORTED FROM UNITED STATES

Court Proceedings Underway in Many Cities.
WASHINGTON, Nov. 10.—Deportation proceedings have been instituted in a number of cities to rid the country of the violent radicals caught in the nationwide raids which have been in progress since Friday. Attorney General Palmer announced tonight.

Instructions have gone to all departments of justice agents, the attorney general said, to permit no delay in instituting formal hearings, preliminary to the actual deportation. Assurances have been received from other government departments having to do with deportations that action would be taken to expedite the cases.

The clean up of the country will continue, Mr. Palmer announced tonight that there must be "no let up." The total number actually held on deportation warrants had reached 31 tonight. Efforts of the department representatives it was said are being directed more particularly to the union of Russian workers. This organization was said to have wide ramifications.

Opinion at the department of justice as expressed today seems to be that the Russian union perhaps was constituting itself a self-appointed leader of all organizations which are preaching overthrow of the government. Literature seized was said to show that the organization accepts support from almost any source so long as it was working to defeat authority and destroy private property rights. Officials said they had evidence showing that leaders of the union had made overtures to other and lesser groups of radicals to join their organization and bring out promises of rewards where state and society are overthrown.

Because they are regarded as the most dangerous of all radical types, those arrested in the recent raids are being held in \$10,000 bail, officials said. Peter Bial and Adolf Schnabel, both former secretaries of the Union of Russian Workers, have been held in bail of \$15,000.

The following list given out by the department of justice shows the number of persons held on deportation warrants in the various cities: Newark 32; Baltimore 9; Akron 32; Monessen, Pa., 29; Pittsburgh 5; Cleveland 18; Buffalo 14; Philadelphia 10; Trenton 1; Hartford 15; New York 39; Chicago 7; Detroit 59.

SEVERE BLIZZARD SWEEPING EASTWARD

CHICAGO, Nov. 10.—Sweeping eastward a severe blizzard is raging today over the Mississippi valley states, crippling telephone and train service. Western Minnesota, Colorado, North and South Dakota were in the grip of the storm.

Telegraph service between Chicago and Denver was entirely cut off. The blizzard struck Denver after twelve hours of heavy snow. Snow, driven by a 25 mile wind, fell through western Minnesota and eastern North Dakota. Telephone and telegraph service in South Dakota was demoralized by a heavy sleet storm.

Trains through the storm area were from three to five hours late.

BRITISH RESTRICTED TO ENTERTAINING

London, Nov. 10.—(By The A. P.)—Householders in the United Kingdom are barred from entertaining their mothers-in-law or other guests longer than four weeks by an order from the ministry of food. This edict, which is part of the food conservation program, limits the stay of a visitor in a private house to one month.

If the supreme test of citizenship should come because of present industrial disturbances, if the struggle between the government and any organization goes to extreme lengths, the great majority of the people will be found loyal. That is the history of America and history repeats itself.

Just a few days after the report that the town of Nitro, West Virginia, built at a cost to the Government of \$70,000,000 was sold for \$8,551,000, a town built for the production of shells and where not a single shell was made, Secretary Baker asked Congress for another appropriation

of \$12,000,000 with which to enlarge the Muscle Shoals, Alabama, nitrate plant and equip it for greater production.

GOOD DAYS IN PROSPECT

The city council is soon to advertise the sale of bonds and from the receipts the debts are to be paid, a filtration plant built and steps taken for the consolidation of the light and pumping stations. The date is therefore only a few weeks distant when there will come the realization of the definite benefit from the action of the people at the election October 7, when by an almost unanimous vote they expressed their approval of the bond issue plan.

POSSIBILITIES FOR SERVICE

The national convention of the American Legion is in session in Minneapolis. The organization already has several thousand members and this number will be greatly augmented with passing time out of the 4,000,000 or more men eligible. There have been thus far evidence of wise leadership, a desire on the part of the members not merely to seek their own personal benefit but to consider the welfare of the country at large. With this in view there are possibilities in the American Legion for great service to the country in emphasizing real Americanism, which is the greatest need of the day.

LET THERE BE REJOICING

Those in charge of the preparations for Armistice day in Jacksonville have worked with zeal. The program here will be quite in accord with that carried

out in other cities. So it is hoped that during the brief period beginning at 11 o'clock that millions of people in the U. S. will again give expression to their thankfulness that the world has emerged from the war and that the U. S. had such comparatively small losses when its fatality statistics were considered with those of European countries. There cannot be a spontaneous feeling of thankfulness today as there was a year ago, but it should and will be just as genuine.

PRACTICAL WORK

Evidence of the practicability of the relief work of the American Red Cross is shown by the action of the Southwestern Division in ordering thousands of dollars worth of fishing seines and nets for the fisherman of Corpus Christi who lost their property in the flood and hurricane which struck that city a few months ago.

At the time of the flood, aid was rushed from nearby cities by the Red Cross. A government vessel was commandeered and sent to places cut off by railroad communication. In a short time the relief work was well in hand, and the people who had been driven from their homes were being well cared for.

Later, however, it was learned that the fishermen had suffered heavy loss from the destruction of their nets, and the Red Cross is now planning to replace them.

DOES THE GOVERNMENT STILL GOVERN?

It must be admitted that the business and industrial horizon just now is very much clouded by the situation resulting from the miners' strike. The issues now involved are much larger than merely that strike—important as it is of itself. The officers of the American Federation of Labor have indicated their intention to support the striking miners and just how far that support will go remains to be seen. The country will await with almost breathless interest the decision of the officers of the miners' union as to whether or not they will obey the order of the federal court, issued Saturday, which instructed them to rescind the strike order by today.

In most minds it is not now a question of the rights of the miners or of the operators—and both of them have rights—but it is a question as to whether governmental authority still exists and is to be obeyed. A refusal on the part of any man or set of men, whether members of a union, a fraternal society or a church, to carry out a government order, constitutes rebellion. It is a form of anarchy.

There is every reason to hope that the big differences now pre-

sending themselves to capital and labor and to the people as a whole will be solved rightly and in the interest of all, but they cannot be solved unless governmental authority is recognized.

Let us hope that today will see some action on the part of labor leaders—a willingness to abide by court and government orders and to await a later hearing for a final judgment as to their rights and grievances. In the controversy which brought about the present crisis the miners had some just cause for complaint—the conditions of their contract with the operators should be changed. But as already suggested, these things just at present have nothing to do with the issues. It is merely a question of what authority the government has.

Rippling Rhymes By Walt Mason

A Year of Peace.

We've had a year of balmy peace, since captains said, "Let firing cease," where wearied armies stood; it's been a year since cannon roared, and soldiers waved the flashing sword, and do we find peace good? I have a beefsteak on my eye; a neighbor let a dornick fly, and made the blamed thing black; and in a scrap down by the jail my hat was flattened with a rail, my coat split up the back. My sideboards now are flecked with gore, my battered head is always sore, from many swats and biffs; we have a riot every day, and when we've hunted the wreck away I help to plant the stiff. Some fellow robbed me of my wrath, and broke in half a dozen teeth, and I'm a sight to see; I can't enjoy my morning walks, for some one's always throwing rocks, wherever I may be. I cannot warble peace time hymns; I'm picking birdshot from my limbs, and have no time to spare; and every time I take my lyre to burble a lovey daffie, some fellow pulls my hair. The quiet of old days is gone; where'er I turn I gaze upon a lot of scrapping men; the air is full of fur all day, so take the Boon of Peace away, and give me war again.

THE GREAT SING TODAY

Grand Jubilee in Honor of Armistice Day at Grace Church at 11 a. m.—Everybody Attend.

Attention is again called to the grand jubilee celebration at Grace church at 11:00 a. m. today when, under the auspices of the Chaminade club, there will be a grand jubilee singing in honor of armistice day. All societies are urged to be present in good numbers and come early so that seats may be assigned them. There will be grand choruses, numbers, solos and various kinds of music suitable for the occasion. The members of the Chaminade club have made great preparations for this event and it is hoped that their efforts will be duly appreciated. A superb program has been arranged and cannot fail to prove of great value to all who are fortunate enough to enjoy it. The church should be filled to overflowing on this occasion.

PATRIOTIC SERVICE HELD AT WESTMINSTER

Interesting Program When Service Flag Was Demobilized—Soldiers Made Addresses—Mr. Moore Told of Westminster Missionary Work.

That was an impressive service held at Westminster church Sunday night when the church service flag was demobilized. Dr. E. B. Landis, the pastor of the church, had asked a number of soldiers to take part and they made a symposium of genuine interest.

After the pastor had told of the making of the service flag, the soldiers who talked were Robert Foster, Baird Gunn, Walter Mitchell and Fred Bray. The first speaker, Robert Foster, spent nearly two years at a hospital at Camp Custer and he related his experiences there and told of the methods followed which gave Camp Custer hospital its splendid reputation.

Mr. Gunn had spent most of his army life at Camp Taylor and in a somewhat humorous way related a soldier's experience during the first one or two days in the army.

Mr. Mitchell, who had been overseas, talked particularly about religious life and services among men at the front. Mr. Bray, whose service had been overseas, talked particularly about religious life and services among men at the front. Mr. Bray whose service had been with an army hospital train operating in France, spoke vividly of the kind of work in which that branch of the service was engaged.

Special Music.
A special program of music had been arranged, including a solo, "Battle Hymn of the Republic," by George Gunn, the audience joining in singing the chorus. After the soldiers had spoken Mr. Enslay Moore as the pastor pointed to the church service flag, gave a brief statement about the Westminster church people who have been in the past, or are now engaged in missionary work. Mr. Moore said:

Missionary Work of Westminster.
Westminster church has not "lived to itself" alone.

Throughout all its militant history this church has continually and consistently stood up to the Christian principle of doing for others, doing so not only in support of its needy members and nearby needs of the Presbyterian church, but also in labors for the support of the union in the Civil war, and in the nearly finished world war—as well as the lesser one with Spain in 1898. In all it gave of its young men, some of whom laid down their lives for the country and in the greater conflicts our women were untiring and generous in their efforts.

But it is of the work more properly of our denomination in its missionary departments that I was to speak.

Nine young men have gone from Westminster as missionaries or ministers.

They were Charles Pelton, who also was in the United States army and became a minister. G. Russell, who is in the home missionary work in Nebraska. Thomas W. Smith, who has had churches in New York City and New Jersey. Augustus Marshall Ayers, son of Augustus E. Ayers, pastor in Illinois, Wisconsin, and, perhaps, elsewhere. Robert Frederick Lenington, who, with his brother, George C., has been a missionary in Brazil, where he still is, George C., having returned to this country to a pastorate on State island, and has since done important work for the church in Mexico City. James M. Duer, pastor in Wisconsin, and is now in Mississippi. Ralph M. Crissman, who has had large churches in Canada, this state, and Bay City, Michigan. Walter M. Mitchell, now under care of our Presbytery. Otis Ironmonger, one of the boys raised in this church, has also become an evangelist, serving in the west.

Women's Work.
A number of our young women have given longer or shorter time to teaching and other work under the women's missionary board of our church.

Of these have been Mrs. Mary E. Lenington Waddell, in the service in Brazil, and her sister Margaret Lenington, in preparation for that work.

Both of these ladies died some years ago. And their sister Effie Ruth Lenington followed them in their work, years ago. Mrs. Martha Duer, Lamb went from us to the Philippine islands, with her missionary husband

nearly twenty years ago, and they have been engaged in this labor for years.

Miss Mary Russell, daughter of William Russell, has been engaged years in teaching missionary schools in the new west, and in the North Carolina mountains, for some years, and her sister Isabel H. Russell was also engaged in the work with her sister for a time.

Miss Margaret K. Moore was a teacher in the Presbyterian school at Salt Lake City, Utah, for several years, and since in Westminster college there. She went to Camp Funston, Kansas, for a while, and then was sent to Europe, being still in the army work at Coblenz, Germany.

Such is the fine record of Westminster church in the care of others.

URANIA CONFERS SECOND DEGREE

Class Will Take Third Degree in the 1,000 Class at Springfield on November 19—Local Odd Fellows Will Run Special Train.

These are stirring times in the ranks of Jacksonville Odd Fellows in general and Jacksonville three link men in particular. Last evening Urania No. 243, conferred the second degree and on the 19th these with ten other second degree men are to go to Springfield and be part of a class of 1,000 candidates for the third degree to be conferred by a special team selected by the grand lodge and the event will be one of immense importance.

A special train to and from Springfield has been chartered and will leave Jacksonville at one p. m., returning whenever the exercises are over.

Arriving in Springfield before three, the Jacksonville contingent will unite in a monster parade that is to take place at three p. m., the 19th. After that, all candidates will be taken to the state armory an dthere entertained till evening when the degree is to be conferred. Gov. Deneen is to be one of the candidates.

Both lodges in this city are getting up the train and both will go to Springfield as far as able. Lodges of this whole vicinity have been invited to join in the train and it is expected that most of them will do so.

The following is a list of the candidates who took the second degree in Urania lodge last evening: Earl Brainer, Roy Baldwin, W. Ben Cully, Floyd R. Fairfield, Lawrence Goveia, Edw. W. Hoffman, Russell Leidy, Prentice H. Lewis, A. T. Madison, E. E. Caldwell, John F. Prewitt, Robert Shirley, Eustis Seymour, Lew B. Stewart, Russell H. Smith.

Lost—Brown fur neck piece. Leave at Journal office. Reward.

NOTICE.

All members of the Mothers and Friends Association are requested to meet at the Court House, Tuesday, Nov. 11, at 10:15 a. m. to attend the community singing at the Grace M. E. church. All members are urged to be present to show our thanks for one year of peace. There will be reserved seats.

**Watch the Little Pimples;
They are Nature's War**

Unsightly and Disfiguring Signals of Bad Blood

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one

remedy which has no equal purifier is S. S. S., the purest blood medicine, which has been on the market for fifty years. It is sold in all drug stores.

If you are afflicted with any of these skin diseases, do not be cured by lotions, ointments, salves and other remedies, as they can not reach the source of the trouble, which is in the blood. Buy S. S. S. today, and get a complete history of your skin condition from your chief medical advisor. Give your special instructions without charge. Write at once to Swift Specific Co., 441 S. Broadway, Atlanta, Ga.

The New "Overland Four"

Tested 250,000 Miles. Three Point Cantilever Springs. Greatest Improvement Since Pneumatic Tires.

Overland 4 has been put through the most thorough and severe test possible.

250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.

They enable the wheels to hold better to the road. They give greater comfort under all road conditions. They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Springbase gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

Come in and see this car. Ask for Booklet. Overland Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375; prices f. o. b. Toledo.

WINCHESTER WAS WITHOUT LIGHTS

Lights Failed About 4 o'clock and Were Not in Operation Until About 8:30 in the Evening.

Winchester, Nov. 10—Owing to some trouble with the power line the city was without lights from about 4 o'clock this afternoon until 8:30 o'clock this evening. It was not learned what the trouble was but it was thought that the line was short circuited by the blowing down of a pole by the high wind. Merchants were especially inconvenienced by the lights.

Earl Owens arrived from Canton today for a visit with relatives.
Taylor and Hubbs who have opened a new livery stable here have put into operation a bus line which is greatly appreciated by citizens and the traveling public. For some time there has been no means of conveyance between the railroad station and the business district.

Word was received Monday of the serious condition of Mrs. George Clayton, who is a patient at Passavant hospital in Jacksonville.

Mrs. Mary Burns who is confined to her home by illness is somewhat improved.

The Historical Society will meet Wednesday evening at the home of Mrs. David Hainsfurther.

Rev. C. W. Casely attended a Methodist conference in White Hall Sunday.

James Garrett and wife moved Saturday into the Hartung property in the southeast part of town.

Mr. and Mrs. Ira Wills expect to move Tuesday into the Moses property which they recently purchased.

SCHOOL TODAY.

H. C. Hopkins, principal of the Jacksonville high school announced yesterday that there would be school all day today.

At 3:20 o'clock there will be a special armistice day program at which time there will be special music and Dr. Carl E. Black will deliver an address before the student body of the school.

VISITING RELATIVES HERE.

Mrs. Lizzie Sevier of Delana, Colo., is visiting her sister, Mrs. Alpha Winters of Allen avenue, and brother, Robert Clayton. She left here two years ago for Gibson City, New Mexico, and lived there until two months ago, when she came to Colorado, and is living with her son. In New Mexico she was among the Indians, but found them all quiet people. Illinois being the state she was born and raised in. She says it doesn't come up with Colorado with her. Mrs. Sevier has many relatives and friends here who all welcome her back home.

The club will hold its next regular meeting with Mrs. W. L. Alexander at the Alexander apartments Friday, November 14th.

Celebrates Fifth

Birthday Sunday.

Wilfred Revis Young of 1629 South Main street, celebrated his fifth birthday Sunday afternoon by having five of his little friends to eat ice cream and cake with him. Those at the table which was decorated all in pink, cake, candles, cream and flowers were: Wilfred Young, Charles Hackett, Robert Coultas, Marion Filson, Luleil Barnhart and Kathryn Filson. The little ones had a jolly good time playing games. All left with their favors of pressed popcorn, wrapped and tied with pink and a pink rose on each package, wishing Wilfred many happy returns. He received many presents during the day.

Miscellaneous Shower.

At St. Peter's Luther Hall, two and one half miles northwest of Jacksonville a shower was given in honor of George Musch, son of John Musch and Miss Selma Lovekamp, daughter of William F. Lovekamp, by the members of the Ladies Aid Society and Luther League. George Musch has been president of St. Peter's Luther League for a number of years; Miss Lovekamp is one of the most active members of both societies. The hall was decorated with the Luther League colors and ferns. The president of the Ladies Aid Society presented Miss Lovekamp with a valuable present in the name of the society. Valuable and useful presents were presented by the members of the Luther League. Both societies were well represented. After the gifts were received the Luther League enjoyed a wiener roast the Ladies Aid served cake and coffee.

PALMER ISSUES FINAL WARNING TO MINERS AND THEIR OFFICIALS

(Continued from Page One.)

The action of the executive council of the American Federation of Labor upholding the strike pledging support to the strikers and denouncing the government's injunction suit, was variously interpreted. While officers of the federation refused to add one word by way of explanation or interpret its meaning, it was attacked on the floor of the senate and emphasized there that under the food control law injunctions could legally issue against strikers interrupting the nation's food or fuel.

Only a few reports came in from the coal fields and these showed the situation generally unchanged with miners waiting to see what orders they would get from Indianapolis.

The executive board was in session today but no statement was given out after adjournment. There was a report that the council had decided to issue a call probably tomorrow for union mass meetings in various cities and when Frank Morrison, secretary of the Federation of Labor was asked about it he said: "I cannot confirm it."

MRS. P. D. TROTTER DIES MONDAY NIGHT

Succumbed to Injuries Received When Buggy in Which She was Struck by Alton Train Last Wednesday.
Rose Will Hold Inquest Probably Today.

Mrs. P. D. Trotter, who was struck by an Alton passenger train last Wednesday morning, succumbed to her injuries at Passavant hospital about 10:30 o'clock Monday night.

Mrs. Trotter's infant daughter, Virginia, who was with her at the time, died on the day of the accident, and Mrs. Trotter has been hovering between life and death since the accident. The accident which cost two lives is a peculiarly sad one and Mrs. Trotter's husband and mother are prostrated with grief.

Deceased was the daughter of Mr. and Mrs. J. L. Simms and was born in this city in January, 1887 and her entire life was spent here the family residing in the old Simms homestead on South West street for many years.

She was united in marriage to P. D. Trotter, December 22, 1887. She is survived by her husband, her mother, and one brother, Julian Simms of Chelmsford, Mass.

Mrs. Trotter was a member of Centenary church. She also was active in the church and club life of the community in which she lived, being a member of the Strawn's Crossing club. She took an active interest in their affairs and was a highly valued member.

The body was removed to the undertaking rooms of Williamson & Cody and prepared for burial. The time of the funeral has not been set.

Coroner Rose was notified of Mrs. Trotter's death and probably will hold an inquest today.

Deaths

Cordery

Mrs. Caroline Cordery of Petersburg, seventy four years of age, died at Passavant hospital Sunday night at 7 o'clock. The remains were taken to Reynolds mortuary and Monday afternoon were forwarded to Petersburg. Funeral services will be held there today. Mrs. Cordery was quite well known in that community.

Stone.

The death of Mrs. Mollie Stone occurred Monday morning at 1 o'clock, at the family home, 315 Anna. The deceased had been an invalid for the past sixteen years and had been in a serious condition for some time past. She was born in Kansas City, Mo., but came to this city a number of years ago. The deceased was married to Noah Stone, who preceded her in death a number of years since.

Mrs. Stone is survived by two daughters, Mrs. Belle Roberts and Mrs. Minnie Allen, both of this city. She was a member of Bethel A. M. E. church, and when her health permitted was a faithful attendant upon all the services of the church.

Funeral services will be held at 2 o'clock Wednesday afternoon at the family home, 315 Anna street, in charge of the Rev. J. H. Fisher. Interment will be made in Jacksonville cemetery.

WHY THE CHECK FAILED TO COME.

Somebody mailed to the Drovers Telegram the following. It had no name signed to it, and was sent to the Journal for publication:

Dear Sir:—For the following reasons I am unable to send you the check you have asked for:

I have been held up, held down, sand-bagged, walked on, flattened out and squeezed; first by the United States government for federal war tax, the excess profits tax, Liberty loan bond, thrift, capital stock tax, merchants' license and auto tax, and by every society and organization the mind of a man can invent, to extract what I may or may not possess; from the society of St. John the Baptist to the G. A. R., the woman's relief, the navy league, the Black Cross, the Purple Cross, the Double Cross, the children's home, the Dorcas Society, the Y. M. C. A., the Y. W. C. A., the boy scouts, and every hospital and church in town.

The government has so governed my business that I don't know who owns it. I am inspected, suspected, examined and re-examined, informed, misinformed, required and commanded, so I don't know who I am, where I am, or why I am. All I know is that I am supposed to be an inexhaustible supply of money for every human need, desire or hope of the human race; and because I will not sell all I have and go out and beg, borrow or steal money to give away, I have been cursed, discussed, boycotted, talked to, held up, hung up, robbed and nearly ruined; the only reason I am clinging to life is to see what in hell is coming next.

There is no one in particular whom we could single out as having sent the above to this paper. It might have been written by any one of the 110,000,000 people in this country.

Matrimonial

Whiteside-Bruen.

James Whiteside of Cedar Rapids Iowa and Miss Ruth Bruen of Waverly were united in marriage at noon Monday by Justice J. A. Crum at his residence 234 West North street. The ceremony was witnessed by Mrs. S. C. Hunt and Mrs. Elizabeth Loit. The groom is a carpenter but may take up farming in the future. They left on the Burlington Monday afternoon for Waverly for a visit with relatives.

A very pretty autumn wedding took place Saturday evening, November 8th at the beautiful country home of Mr. and Mrs. George H. Coulson near Chapin. The contracting parties being their daughter Miss Nola Frances Coulson and Robert Athol Garner, son of Mr. and Mrs. James W. Garner of Virginia, Ill.

The ceremony was performed by Rev. C. G. Cantrall, pastor of the Church of Christ, the ring ceremony was used.

Promptly at 6 o'clock to the strains of the wedding march from Lohengrin, played by Miss Ruth Hutches, the bride and groom entered the parlor attended by Miss Olivia Walker as bridesmaid and Mr. John Starke as best man, preceding them was Master George Newton Coulson as ring bearer and little Miss Marjorie and Warren Coulson, strewing the pathway with flowers. The party took their places under an arch of white Chrysanthemums, profusely embanked with pink Chrysanthemums and ferns.

In his usual pleasing manner, Rev. Cantrall spoke the words which joined in wedlock this happy young couple in the presence of about fifty relatives and intimate friends.

Following the congratulations an elaborate four course luncheon was served.

Then followed the cutting of the bride's cake which afforded much merriment. The usual articles contained in the cake was received as follows: The ring to Mrs. R. D. Omer; the needle to Mrs. Edw. Kronz; the button to Miss Herbel Garner and the dime to Mr. John Starke.

The house was tastefully decorated for the occasion under the supervision of Miss Mary Mathews of Jacksonville. The colors being pink and white, with ferns and autumn leaves very artistically arranged.

The bride was charmingly attired in pale pink Georgette Crepe and carried a shower bouquet of pink Killarney roses. The bridesmaid looked very beautiful in a white gown of silk and not and carried an arm bouquet of pink roses.

Mrs. Garner is an accomplished young lady and a social favorite among the younger set. She was a graduate of the Chapin high school this year. Her charming personality has won for her many friends.

The groom is an industrious and highly esteemed young man and has been a resident of Chapin for the last several years where he has been employed at the C. B. & Q. and Wabash depot prior to his entry in the recent war. He received his education in the Virginia public schools, later attending the Springfield, Mo., Business College. The past year was spent in farming. His many friends here and in his home town who join in wishing he and his bride a long, happy and prosperous wedded life.

After a brief wedding journey they will be at home to their friends at the home of the bride's parents.

Out-of-town guests in attendance were: Mr. and Mrs. Henry Starks and daughter Carolyn, John and Irvin Starks of Springfield, Ill.; Mr. and Mrs. Robert Cassel and daughter Miss Leah and Miss Mary Matthews of Jacksonville; Mr. and Mrs. Jas. W. Garner and daughter Miss Herbel; Misses Nelle and Kathryn Irwin; Mr. and Mrs. Edw. Kronz of Virginia; Miss Elsie Lyons and Mrs. Bessie Southwell and daughter Louise of Winchester.

MRS. BAKER DEAD FROM POISONING

Jury Finds That Alexander Resident Took Lye With Suicidal Intent.

Early Monday morning Mrs. Matilda Baker died at her home in Alexander as the result of taking a drink of Lewis lye Saturday afternoon. A jury was empaneled by Coroner Rose and after an inquiry returned a verdict that Mrs. Baker's death was due to poison and that she took the lye with suicidal intent. The deceased was at her home Saturday afternoon and in the presence of her grandchild, John Baker, took the dose of lye.

According to the testimony she told the child to run for his father, John Baker Sr. Shortly afterward Mr. Baker arrived at home and found his mother on the bed in her room, evidently in great agony. Dr. W. H. Schott was summoned and gave what aid he could. The doctor was a witness at the inquest and stated the facts here narrated.

Mrs. Baker showed no signs of improvement and in fact grew worse until the end came. She is survived by three sons, Jesse of Oklahoma; William of Pawnee and John of Alexander.

The jury which inquired into the death included E. E. Mason, Henry Ruble, George White, A. L. Dooley, W. J. Kumle and C. H. Deary, clerk.

The funeral will be held at 1 o'clock this afternoon at the residence with burial at Antioch.

Message From Foch.

Greetings from Marshal Foch, allied commander in chief to the American Legion convention were transmitted by J. J. Jusserand, French ambassador to the United States.

Marshal Foch's message follows:

"My variant war companions: The eleventh of November 1918 saw the capitulation of the enemy; vanquished Germany was craving for mercy and she delivered over to us such trophies as history has never known."

"This was indeed the victory of the allied armies, who ardently fighting had united in a supreme, continuous and violent effort all their energies as they had united all their hopes."

"With heads erect the valiant American fighters of the Argonne, of the Meuse, of the Somme, of Flanders, after hard days, resumed once more, by the side of the allies, the march toward the Rhine."

"In this day, when for the first time we celebrate the anniversary of the armistice, I want to be with you to commemorate the past and to tell you that with our eyes ever raised toward the same ideal of justice and liberty we must remain united as we have been in the days of trial and the days of triumph."

"Proud to have been at your head, I send my most cordial greetings to the veterans of the great war, illustrious by their immortal deeds, and to those who in the camps of America were preparing with ardor to come and take their part in the battle."

"Lastly I wish to salute as ever living in a memory of the past and on the threshold of a future common to us the tombs of those who lie in the soil of France, resting there and are as a symbol of our indissoluble union."

**W. J. BRYAN SUBSCRIBES
TABLET FOR DR. JONES**
Subscriptions Also Received From Dr. George Kreider and Dr. George H. Stacy.

At a meeting of the Tablet committee of James Caldwell Chapter D. A. R., held with Miss S. M. Fairbank Monday afternoon great enthusiasm prevailed over the progress of the work of securing subscriptions for memorial tablets for the Governor Duncan Memorial building. Among the subscriptions reported was one from William J. Bryan for a tablet to the memory of Dr. Hiram K. Jones, for many years an instructor at Illinois College and one of Dr. Bryan's mentors during his student days on the "Hill."

A subscription was received from Dr. George N. Kreider for his father, Col. E. C. Kreider. A letter from Dr. George Stacy announced his desire to subscribe for a tablet for Mathew and Sarah Stacy, pioneer residents of Jacksonville, and prominently identified with the early history of Jacksonville. Eighty-five subscriptions for tablets had been received up to Monday afternoon and many letters sent out have not yet been heard from. The committee feels greatly encouraged and there is every reason to believe that the effort to preserve the Governor Duncan home will prove successful. The letters above mentioned are given hereunder.

Dear Miss Traube:—
We were agreeably surprised to get your letter of request.

It seems to us that the proposition to have the Daughters of the American Revolution purchase the Governor Duncan homestead for a Memorial and Historical purpose is a most laudable one, worthy of the support of all who have family or civic pride or high ideals of citizenship.

We shall be glad to cooperate in any way possible, and financially to the extent of having Grandfather's and Grandmother's names on the proposed memorial wall.

Of course we do not know just what the uniform plan of arrangement of names is but it occurs to us at this moment that their names could be coupled about as follows:—
MATHEW AND SARAH STACY
Date of Coming to Morgan County

From the standpoint of the relation of the family of Governor Duncan and that of our grandfathers we are additionally glad to help in this matter, as we have been told by our aunts that the Governor and Mrs. Duncan were guests at their home, immediately on coming to Jacksonville, and that friendship begun before coming north lasted thruout all their days.

When we receive the particulars of settlement of the subscription, we shall be glad to respond.

Sincerely yours,
George and Anna R. Stacy.
By George Stacy.

Dear Miss Traube:—
We were agreeably surprised to get your letter of request.

It seems to us that the proposition to have the Daughters of the American Revolution purchase the Governor Duncan homestead for a Memorial and Historical purpose is a most laudable one, worthy of the support of all who have family or civic pride or high ideals of citizenship.

We shall be glad to cooperate in any way possible, and financially to the extent of having Grandfather's and Grandmother's names on the proposed memorial wall.

Of course we do not know just what the uniform plan of arrangement of names is but it occurs to us at this moment that their names could be coupled about as follows:—
MATHEW AND SARAH STACY
Date of Coming to Morgan County

From the standpoint of the relation of the family of Governor Duncan and that of our grandfathers we are additionally glad to help in this matter, as we have been told by our aunts that the Governor and Mrs. Duncan were guests at their home, immediately on coming to Jacksonville, and that friendship begun before coming north lasted thruout all their days.

When we receive the particulars of settlement of the subscription, we shall be glad to respond.

Sincerely yours,
George and Anna R. Stacy.
By George Stacy.

Dressmaker Gives Advice
"I underwent a surgical operation for gall stones 5 years ago, was in the hospital 4 weeks. For 1 year I felt better, but then my old symptoms and pains returned, and I have suffered ever since. Four weeks ago on the advice of a lady I tried Mayr's Wonderful Remedy, and I now feel like a new woman. I have a number of friends who suffer as I did and I am advising all to try this valuable medicine." It is a simple, harmless preparation that removes the cartharal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

ORGANIZE FRANKLIN BASKETBALL TEAM

Good Schedule Has Been Arranged for Coming Season—Officers Elected.

At a meeting of the Marquette club at Franklin recently a basketball team was organized with Charles Gruber as captain and Sherman Ryan as manager. Altho the boys have practiced but few times Coach F. J. Bergschneider reports excellent team work and accurate shooting. Their first game will be staged at Franklin, Saturday, Nov. 15 in which they will meet the New Berlin Independents in a last contest. It is evident that fast ball will be played thruout the entire season, as a strong schedule has already been arranged with Routt, Spaulding, St. Josephs, Pekin, the Springfield Y. M. C. A., etc. In addition to the above named players others are Carl Rawlings, Harold Ryan, Clarence Kinney, F. Burchett and William Reed.

"Gets-It" Peels Off Corns Painlessly

Off They Come Like Banana Skin.
2 or 3 Drops, That's All.

There's a murderous, painful way to get rid of corns, and then there's the peaceful, glorious "gets-it-off" way. After you have tried "Gets-it" you will say "never again!"

Cut it? Quit it! "Gets-it" Peels It! again! To all other methods. This is because "Gets-it" is the only corn-remover on earth that makes corns peel off just like a banana skin. Two or three drops will do the work, without fussing or trouble. You apply it in 2 or 3 seconds. It dries immediately. "Gets-it" does the rest without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-it." It never fails. "Gets-it" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill. ARMSTRONG'S DRUG STORES.

WALLIS SAYS WE NEED COURAGE AND OPTIMISM

Forum Speaker Talks of Present Dry Problems—Says Courage, Honesty and Optimism Will Carry Us Thru Present Crisis.

Although the weather was so very disagreeable Sunday night a very gratifying audience greeted the speaker, Louis Wallis of the Joseph Pels Commission, at the Congregational church. The gentleman was not a stranger and elsewhere he has made a fine impression, so much so that W. E. Collins said, that a lady named her baby for him.

Mr. Wallis said some very plain things and it is to be hoped the truths he uttered will be remembered and bear fruit.

He said in brief: A tremendous industrial crisis faces our country and demands serious attention, honesty without flinching and if so we shall emerge all right as we came out of the great war. And we must also remember that courage and optimism are wanted, not doubt and pessimism for any man who gives up and says we cannot weather the storm should be ashamed of himself.

On the other hand, talk alone will not do it. We can't make things better by wishing; passing resolutions and whistling; we must get right down to solid business. High prices are not wholly due to the war. The cost of many things began to rise as far back as 1906 and many countries were complaining of it and we would have had much of this trouble had there been no war.

The purchasers do not need so much increased wages as more of the things that money buys. Basic production must increase.

Miller's Antiseptic Oil, Known as SNAKE OIL

Accomplishing Most Wonderful Results.

"I want to thank you for your wonderful oil," writes Mr. J. C. Gibson of Jonesboro, Ark. "My little girl was very low with diphtheria; I had given her two doses of medicine which cost me \$10 with no results. I bought a 25c bottle of your oil and one application relieved her. Now she is well. It is the greatest remedy I ever saw." Mr. Gibson made this statement before hundreds of people. Mrs. Florence Meager, 234 Whitney street, Hartford, Conn., writes: "I have used your Antiseptic Oil for neuralgia with good effects. Only thing I have ever tried that stopped the pain immediately." Mrs. Williams, Gadsden, Ala., writes: "I have used your great pain oil for rheumatism, stiff joints, also for sore throat, and I want to say that it is the greatest remedy I ever tried. I recommend it to all sufferers." Many cures reported daily from thousands of grateful people. Every bottle guaranteed, 20c, 60c and \$1.00 a bottle, or money refunded, at Armstrong & Armstrong.—Adv.

900 FLU CASES REPORTED TO HEALTH SERVICE

Washington dispatches state that there were over 900 flu cases reported to the public health service last week.

This is an increase over the previous week, and as cold weather draws near authorities are worried.

A recent public health report says: "City officials, state and city boards of health should be prepared in event of any recurrence of the flu."

Even if one recovers from the flu, the after effects are terrible. The only sane thing to do is to prevent the flu. Influenza can be prevented; last year's results prove that. It is important that a good germicide should be used frequently. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine (which has for years been known as the best home germicide), camphor, menthol and pure mineral base. As a prevention for flu, Turpo has been a pronounced success.

Snuff a little Turpo up the nostrils several times a day, and the flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo.

The fact that more than nine hundred cases of influenza have been reported to the United States Health Service makes it important that you prepare now. Buy a thirty-cent jar of Turpo of your druggist now while he has a supply on hand, and use as directed. If in spite of all precautions influenza develops, go to bed and summon a physician. Influenza is a serious malady and requires the best medical attention.—Adv.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands of Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 10c and 25c.

Merely increasing the price of an article and then increasing the price of wages does not solve the question. We must consider the conditions that surround the actual production of commodities. Just now we need a million more residences in our land; not more money, but more houses. We want a larger production on the farms and in the factories; more clothing, more houses, more good food.

Now what is happening to the man who is trying to produce the above named articles? Land is going up in price and taxes are so heavy on production that they are a handicap at the start. All kinds of business enterprises call for the use of land. Space must be had for doing business. What we get comes out of the ground and yet the price of land is so high and taxes on improvements are so heavy that there is a blockade against new production which does not keep pace with the population.

Then there is, unfortunately, a strife between capital and labor and the two sides are like two cats with tails tied together and thrown over a line; they are angry with each other but don't settle their differences. The trouble is with conditions outside of them. There are more applicants for jobs than jobs; cities are overpopulated and the country the reverse so the farmer's market is out of gear.

We had no such trouble a generation ago for there was such a vast area out west that men could go there and start in life all right while the middle west and east supplied opportunities for investment of capital.

But the land speculators began to get hold of large tracts; in Roosevelt's first term we began to put large tracts of land on the market by private sale and prices began to fall off and prices rose. So long as we had land at fair prices there was no trouble but when the speculators got in their work trouble began in earnest. U. S. Senator Harding lamented the fact that we have 500,000,000 acres of land undeveloped yet accessible to market.

The prices are too high and the burden of taxation too heavy. Taxation of business enterprise and improvements should be lessened and a corresponding increase in taxation of land values should make up the deficiency. Canadian farmers wondered what was the matter when they tried to buy unimproved land to add to their farms and found that it was held by speculators so the government put a stop to that with good results. We have loaded taxes on everything but land which should be corrected and better times will follow. We have the Bolsheviks on one hand and the stand patter on the other and should steer between the two.

I look for a better day. Our constitution has been amended to prohibit a state church and slavery but we have the high cost of living, concentrated wealth and heavy taxes on business. Our railroads and city street car systems are cursed with watered stock demanding dividends which the public must pay. I am not a single taxer for I feel that that would be disastrous, but I do feel the evils I have mentioned should be rectified and better times will follow.

VISITORS FROM KANSAS. Mr. and Mrs. M. A. Hill of Overland, Kansas, are visiting at the home of Mr. Hill's brother, Elmer Hill and family of Joy Prairie and were in the city yesterday. Mr. Hill is a wide awake, intelligent man and is well pleased with his western home. He says conditions out there are prosperous as crops are good and people generally well to do. Wheat is a leading crop in his region and he says they harvest almost entirely with the header machine, a harvester that goes thru the field cutting the grain half way down to the ground and without binding carries it to a wagon driven alongside. He says the threshers charge less for threshing wheat than for bound grain as they have long feeding arrangements so that from four to twenty men may pitch to the machine at once and thus handle a great amount of grain.

Crops are hardly as good there as here; neither is land nearly as dear, so that it is offset. In Mr. Hill's vicinity are a good many Bohemians who make hard working, thrifty citizens, though not wholly progressive.

MORE RAIN. A well known pioneer resident of Jacksonville often used to say: "Them that has gits." Surely that is the way with rain lately. A few weeks ago there was anxiety regarding the water supply and now the anxiety is to get rid of it. The valves or outlets of the new dam hardly let the water out fast enough and it makes trouble and inconvenience at the culvert on the Vandalia Road north of Nichols Park. It will be some time before the workmen get that thorefore in order. A heavy rain Saturday night, Sunday and Sunday night added much to the new lake.

Acid Stomach Makes 1 Out of 10 People Suffer

Doctors declare that more than 70 per cent of all diseases can be traced to Acid Stomach. Starting with indigestion, heart burn, belching, food-repelling, loss of appetite, the entire system eventually becomes affected, every vital organ and in some degree of other. You see these victims of Acid Stomach everywhere—people who are subject to nervousness, headache, insomnia, dizziness—people who suffer from constipation, lumbar aches and pains, and who are all over the body. It is safe to say that about 9 people out of 10 suffer from some extent of Acid Stomach. If you suffer from any of these troubles, or if you do not feel any stomach distress, yet are weak and ailing, feel tired and dragged down, lack pep and enthusiasm and know something is wrong although you cannot locate the exact cause of your troubles—naturally want to get back your good health as quickly as possible. Then is EATONIC, the wonderful modern remedy that brings quick relief from indigestion, heart burn, belching, gassy bloating, etc. Keep your stomach strong, clean and sweet. See how your general health improves—how quick the old-time vim, vigor and vitality come back. Get a big box of EATONIC from your druggist today. It is guaranteed to please you. If you are not satisfied your druggist will refund your money.

SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment handy to allay aches

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago—far more popular today.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatic, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spot. Leaves no muss, stains skin, clogged pores. A bottle today is a wise precaution. Keep it handy.

WHEN YOU AND

Advance, Ill.—"After a hard and

ious illness I was restored to a perfect

healthy condition through Dr. Pierce's

Favorite Prescription which I took

as a tonic. It proved to be such a

splendid medicine that I have taken

it many times since, whenever I

have been nervous and run down and

it has never failed to strengthen and

build me up in health.

"I can also speak just as highly of the

Golden Medical Discovery as a blood

urifier and a medicine that is safe to

give to little children. When one of my

children was only a year old she had

croup and I gave her Dr. Pierce's Golden Medical

Discovery and it healed up every breath

and her hair grew nice and thick and

she has grown to womanhood and has

ever had any return of blood disorder

of any sort since that time. I give the

Discovery all the credit due it for this

and take pleasure in recommending

it."—Mrs. E. L. Lewis, care Mrs. F. M.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this remedy at home, and it is a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

MISCELLANEOUS SHOWER FOR ASHLAND GIRL

Mrs. Lew Clark Entertained for Miss Lena Conover, Soon to Be Bride—Funeral Services for Mrs. Mary A. Hinds—Other Ashland Notes.

Ashland, Nov. 10.—Last Thursday afternoon a miscellaneous shower was given by Mrs. Lew Clark at the home of Mr. and Mrs. H. J. Lohman, for Miss Lena Conover, whose marriage to Harry Hopper of Farmingdale will take place in the near future.

Refreshments were served and the occasion was a very enjoyable affair.

Mrs. Mary Ann Hinds passed away at 11:30 o'clock last Tuesday morning at the home of her son, Matt Hinds, of this city, at the advanced age of 87 years, 9 months and 2 days.

Funeral services were held at the residence of her son, Thursday afternoon at 1 o'clock in charge of Rev. C. E. French of Virginia, after which the body was taken overland to Hickory Grove cemetery near Petersburg where burial was made.

Charles Kontz has been very sick the past week.

The Dew Drop Inn has again changed hands. Miss Wells who purchased it from B. F. Steward a short time ago, sold out to J. P. Carter of the Carter Theatrical Company.

Mr. and Mrs. J. J. Wyatt and daughter and Mrs. W. R. Hunter of Kansas City were in Chicago several days the past week.

Mr. and Mrs. J. G. Fitzhugh have moved to their new home at Jacksonville, 1261 South East street.

W. H. Yancy and family of Yatesville have moved to Ashland to reside.

Mrs. Albert Holmes and son of Springfield spent Sunday at the home of Perry Holmes.

Wesley Holmes returned home Saturday night from the Springfield hospital where he had gone for medical treatment.

The partnership of William Ray and Robert Viands under the name of Ray and Viands, dealers in poultry and eggs has been dissolved by mutual consent.

Miss Myrtle Reed of Springfield is visiting home folks this week.

Revival meetings are in progress at the Christian church.

Miss Dorothy Smith was the guest of Garnet Card Sunday.

Beauty Answers

By MADAME MARRE

DESPERATE—You need no longer dread the falling out of superfluous hairs. It can now be done as easily as bathing the face. It is a few minutes' work to remove every superfluous hair just as it grows.

moistening the hairs with suifo solution. It leaves the skin smooth, clear and clean, as though there had been no superfluous hairs at all. This is the way it is done by those who know. It's done so quickly, and it can be used with perfect safety, no matter how thick the hair growth or how delicate the skin. It is in armpits, on face, shoulders, etc., and you will at last rid yourself of that pest of superfluous hair. The suifo solution can be secured for one dollar at any drug store.

MISS MIDDY—The most wonderful result that any body can imagine in beautifying the skin is produced by the following extremely simple formula. Even on bad complexion, as you say you have, I have seen changes almost miraculous in only a few days. You cannot fail to improve your skin absolutely spotless and lily-pure by the liberal application of a cream, made at home, by using two tablespoonsful of glycerine and one ounce of stilton in a pint of water. Get the stilton at any drug store. It will only cost you 60 cents. You will never want nor need any other beautifying cream but this.

MISS Z. O. G.—I wish I had known it before. I could have saved three years of misery. My dear, you can get rid of all those blackheads in a few minutes by applying some powdered norexin on a wet sponge and rubbing it over the blackheads. It works every time! Enough norexin can be gotten at any drug store for 60 cents to last a long time. You'll be happy again, poor girl, and you'll forget you ever had those blackheads.

Wanted—Office Girl with knowledge of bookkeeping. Apply at once at Barr's Laundry.

CLEAN THE HOUSE

At this season of the year many lawns, verandas, and gutters and valleys of houses near trees and leaves should be removed soon or they will cause much damage. The use of a lawnmower is a good idea, but it is not so safe as the good care of what you have.

A WELCOME TO RETURNED SOLDIERS

Murrayville, Nov. 10.—The Young People's Sodality of St. Bartholomew's Parish of Murrayville will give an elaborate reception in honor of their returned soldiers at the Knights of Columbus Hall in Jacksonville on Wednesday evening, November 12.

Being unable to secure a hall adequate to the occasion in Murrayville, we had to seek elsewhere. The Knights of Columbus in their usual courtesy and generosity, offered their hall for the occasion.

The program will begin promptly at 7 o'clock. The speakers for the occasion are: Mrs. Poinaz and Cahill of Jacksonville and Fr. Smith of Franklin.

The music will be furnished by talent of the parish. The affair will consist of a program of music and speaking, a Euchare party, luncheon and a dance. Owing to the limited capacity of the hall, we regret to say that the attendance will be limited solely to members of St. Bartholomew's parish. Members of the Ladies' Aid of Our Saviors church will serve the luncheon.

JAMES BOWN.

A PAINFUL ACCIDENT.

Louis Hahn, residing on South Clay avenue and working for Ted Chumley, contractor, had the misfortune, a few days ago to step on a sharp nail running it nearly through his left foot. With some others he was helping wreck a building and by some means the board with this nail sticking up in it was behind him. He stepped back a pace and walked right on the nail. He called for help but the others failed to hear him and he had to work the nail out himself. He has suffered great pain but is getting a little better.

WHITE HALL

White Hall, Nov. 10.—Captain Walter E. Ford has secured his final discharge from the army service, and has gone to St. Louis to resume the practice of dentistry.

The Central Union Telephone Co., is planning an expensive method for reaching their local office with the string of wires in order to make way for the addition to the W. A. Winn building on the east front on Whiteside Park, and also to eliminate all poles from the park. The Illinois telephone folks had only a few wires and poles on the park, and they have provided for removal. The proposition confronting the Central Union will cost \$2,000 or more.

William Dees of Magnolia, Ark., and Miss Bede Hoyer of Milton, Pike county were guests last week at the home of Dr. F. N. McLaren.

W. E. Lauterbach, who spent several days here in the interest of the Y. M. C. A., of which he is field secretary, left for Lincoln, He is an old acquaintance of the Neutzmans at Mt. Pleasant, Iowa.

Dr. Ignatius, who recently returned from Battle Creek to look after the case of George E. McClay is giving our people the benefit of his first hand knowledge of affairs and conditions in Armenia. Last week he addressed the high school on Friday evening.

Next week he will arrange an entertainment at the M. E. church that will deal primarily with Armenia. Sunday night he arranged a little immigration drama that was given in connection with the closing service of the Methodist anniversary week, showing the responsibility of the naturalization of aliens.

The stock judging team of the Missouri Agricultural college visited Gregory Farm last week in quest of points that will enable them to figure in the contest at the international live stock exposition at Chicago. Next week the team from Nebraska is expected to be here. There visits are a high compliment to Greene county and its eminence in the live stock world.

Dispatcher G. A. Green, Agent W. P. Noytzman, Operator L. O. Goodrich and Towerman C. C. Withrow attended a meeting of railroad telegraphers at Louisiana, Mo., Saturday night.

Alderman George Staples, chairman of the water committee of the city council, is looking into the action of the council in granting exclusive fishing privileges of the city reservoir to the White Hall Fishing Club. The attitude of the fishing club does not seem to be conducive to the general public wefare and the city reservoir officers at a resort and outing place that the second ward alderman desires to see made of the largest public benefit, as something needed in connection with the development of a municipal park and playgrounds system. Mr. Staples is not doing this because of his connection with the White Hall Railway Co., as he says the local electric line would not engage in passenger business, it being strictly an industrial proposition.
